

Getting Started with Good Egg Energy

Last Modified on 12/23/2025 9:19 am EST

Welcome to Good Egg Energy! We're excited to have you join our community of energy-conscious customers. Getting started with us is simple and straightforward.

What you'll need to sign up:

- Your current energy supplier's name
- Your meter point reference numbers (MPAN for electricity, MPRN for gas)
- A recent energy bill or your current meter readings
- Your contact details and payment information

The sign-up process takes about 10 minutes and you can complete it entirely online. We'll handle all the switching details with your old supplier-no need for you to contact them or worry about any interruption to your energy supply.

Once you've submitted your application, we'll send you a confirmation email with your account details and what to expect next. Most switches are completed within 2-3 weeks, though sometimes it can take a little longer depending on your current supplier.

Got questions during sign-up? Our friendly support team is here to help via chat, email, or phone. We want to make sure your journey with Good Egg Energy starts off smoothly!
